

Call for Papers: ALT 2004

The 15th International Conference on Algorithmic Learning Theory

Padova University, Padova, Italy

October 2 - 5, 2004

The 15th International Conference on Algorithmic Learning Theory (ALT 2004) will be held in Padova, Italy, during October 2 - 5, 2004. The main objective of the conference is to provide an interdisciplinary forum for discussion of theoretical foundations of machine learning as well as their relevance to practical applications. The conference will be co-located with the 7th International Conference on Discovery Science (DS 2004) and the 11th Conference on String Processing and Information Retrieval (SPIRE 2004) under the general title “**The Padova Dialogues 2004**”.

Topics of Interest: We invite submissions to ALT 2004 in all areas related to algorithmic learning theory, and those that are aimed at bridging theory and practice. Topics of interest include (but are not limited to): *the design and analysis of learning algorithms, computational models of machine learning (e.g., on-line learning, learning via queries, inductive inference, statistical learning), specific algorithmic approaches (e.g., margin-based algorithms, MDL estimation), learning complex models (e.g., neural networks, Bayesian networks, logical formulae, grammars, instance-based models), machine discovery, and applications of machine learning to other fields (e.g., data mining, web mining, bioinformatics).*

Invited Talks. There will be several invited talks by prominent researchers in the field.

Submissions. Papers should be submitted electronically. Details are given at the ALT 2004 web-page. Alternatively, you may send nine hard copies to:

John Case

Dept. Computer and Information Sciences
University of Delaware
Newark, DE 19716-2586 (USA)

which must be received by the deadline given below.

Important Dates.

Submission deadline: May 22, 2004
Notification of acceptance: June 30, 2004
Camera ready due: July 20, 2004

Format. The submission should consist of a cover page with title, authors' names, postal and e-mail addresses, an approximately 200 word summary, and a body not longer than **ten** A4 or letter sized pages in twelve-point font. You may use appendices to include long but major proofs. If you submit hardcopies, double-sided printing is encouraged.

Policy. Each submitted paper will be reviewed by the members of the program committee and be judged on clarity, significance, and originality. Joint submissions to other conferences with published proceedings are not allowed. Papers that have appeared in journals or other conferences are not appropriate for ALT 2004.

Proceedings will be published as a volume in the Lecture Notes Series in Artificial Intelligence, Springer, and will be available at the conference.

Selected papers of ALT 2004 will be invited to a special issue of the journal *Theoretical Computer Science*.

E.M. Gold Award. One scholarship of 555€ will be awarded to a student author (please mark student submissions on the title page) of an excellent paper.

Conference Chair:

Akira Maruoka
Tohoku University, Sendai, Japan
maruoka@ecei.tohoku.ac.jp

Program Committee Chairs:

Shai Ben-David (Technion, Israel
and Cornell Univ., USA)
John Case (Univ. Delaware, USA)

Program Committee:

Nader Bshouty (Technion, Israel)
Michael Collins (MIT, USA)
Sanjoy Dasgupta (UC San Diego, USA)
Peter Flach (Univ. of Bristol, UK)
Steffen Lange (DFKI, Saarbrücken, Germany)
Jon Langford (TTI Chicago, USA)
Gabor Lugosi (UPF, Barcelona, Spain)
Rüdiger Reischuk (Univ. at Lübeck, Germany)
Rocco Servedio (Columbia Univ., USA)
Arun Sharma (NICTA, Sydney, Australia)
Ayumi Shinohara (Kyushu Univ., Japan)
Eiji Takimoto (Tohoku Univ., Japan)
Sandra Zilles (Univ. Kaiserslautern, Germany)

Local Arrangements:

Massimo Melucci
University of Padova, Italy
melo@dei.unipd.it

For more information, please contact:

Shai Ben-David (shai@ece.cornell.edu)
John Case (case@cis.udel.edu)
