SAGA 2009 - Fifth Symposium on Stochastic Algorithms, Foundations and Applications

Scope:

The symposium offers the opportunity to present original research on the analysis, implementation, experimental evaluation and real-world application of stochastic algorithms. In particular, the focus of SAGA'09 is on new algorithmic ideas involving stochastic decisions and the design and evaluation of stochastic algorithms within realistic scenarios. Thus, the symposium wants to foster the co-operation between practitioners and theoreticians from this research area. Topics include but are not limited to: Stochastic algorithms in combinatorial optimization, Stochastic local search methods, design and analysis of randomized algorithms, randomized communications.

Important Dates:

Submission Deadline: May 30, 2009

Notification: July 8, 2009

Camera ready copy: July 30, 2009

Local Arrangements Chair:

Shin-ichi Minato (Hokkaido Univ.)

SAGA '09 is sponsored by: MEXT Global COE Program at the Graduate School of Information Science and Technology Hokkaido University

Program Committee:

Osamu Watanabe (Tokyo Inst. of Technology, Japan, Chair)

Andreas Albrecht (Queen's University Belfast, Great Britain)

Amihood Amir (Bar-Ilan University, Israel)

Artur Czumaj (University of Warwick, U.K.)

Josep Diaz (Universitat Politecnica de Catalunya, Spain)

Walter Gutjahr (University of Vienna, Austria)

Juraj Hromkovic (ETH Zürich, Switzerland)

Mitsunori Ogihara (University of Miami, USA)

Pekka Orponen (Helsinki Univ. of Technology TKK, Finland)

Kunsoo Park (Seoul National University, Korea)

Francesca Shearer (Queen's University Belfast, Great Britain)

Paul Spirakis (University of Patras, Greece)

Kathleen Steinhöfel (King's College London, U.K.)

Masashi Sugiyama (Tokyo Inst. of Technology, Japan)

Masafumi Yamashita (Kyushu University, Japan)

Thomas Zeugmann (Hokkaido University, Japan)

Conference Chair:

Thomas Zeugmann (Hokkaido Univ.)
